Family Policy Alliance is a Christ-centered organization, public policy partner of Focus on the Family, and part of a vibrant national alliance of pro-family state groups.

Family Policy Alliance believes that God's timeless design for the family is the strongest foundation for a free society. They equip and motivate Wyomingites to cast their ballots and raise their voices in support of pro-family candidates and policies. They are pro-life advocates and work to protect the freedom of individuals, churches and businesses to speak and act according to their faith.
